

CORRIGENDUM

CORLETT W. WOOD, JOHN R. STINCHCOMBE

In the published paper (Wood & Stinchcombe, 2017), the author regrets that photo credits were inadvertently omitted from Figure 2. The correct figure legend with photo credits should be:

(a) The barrelclover *Medicago truncatula* (Photo credit: Dave Hanson). (b) Nodules housing rhizobia on *M. truncatula* roots (Photo credit: Liana Burghardt). The nodules are the pinkish structures, one of which is indicated by the white arrow.
